- Susan Schelle – *Water Towers, Blue Screen* and others 2006 to present
- Av Isaacs – *Isaacs Seen* publication, 2005
- Jessica Thompson – *Soundbike*, 2005
- Germaine Koh – *Shell, Relay, "...", POS, Ouvert/Open* and others, 2004

Freelance Photography

- primarily documenting art exhibitions, individual artworks and performance-art events
- have worked extensively for Interaccess and Gallery TPW
- as well as number of individual artist including Gale Allen, Reena Katz, Nicole Collins, Yael Brotman, Don Simmons, Michael Dudeck, Brenda Goldstein

Interaccess Electronic Media Arts Centre, Toronto, Ontario

Studio Manager (2005)

- manage the relocation of the gallery and studio to the new space on Ossington Ave.
- assist with the design and renovation of the new space
- oversee a series of technology-based workshops for artists
- install exhibitions and act as a technical consultant

The Toronto International Film Festival, Toronto, Ontario

Photography Editor of *The Festival Daily* newspaper (2001, 2002, 2003, 2004 festivals)

- responsible for all imagery published in the daily newspaper
- select and digitally prepare images for publication
- organize photographers (myself included), make sure all relevant events and portraits are covered

Gallery TPW Artist-Run Centre, Toronto, Ontario

Project Manager (2002 - 2003)

- manage the design team for an on-line archive detailing 25 years of exhibition history at Gallery TPW, sponsored by the Canadian Digital Collections (CDC): <http://archive.photobasedart.ca/>

Installation Technician (2001 - 2003)

- prepare gallery, build display units and install numerous photographic and multimedia exhibitions

Stephen Bulger Gallery, Toronto, Ontario

Preparator (2002)

- archival preparation and framing of photographs for exhibition and sale

The Power Plant Contemporary Art Gallery, Toronto, Ontario

Animateur (2001 - 2002)

- conduct tours of exhibitions and provide information to patrons

Teaching experience

Gallery 44, Toronto, Ontario

Instructor (2008 - 2009)

- numerous pinhole photography workshops, for adults, grade-school students and at-risk youth

Interaccess Electronic Media Arts Centre, Toronto, Ontario

Instructor (2008)

- pinhole photography workshops
- stereo photography workshops
- alternative photography (cyanotype, van dyke) workshops

University of Toronto Mississauga, MediaGenerator@UTM

Coordinator/Facilitator (2006 – 2008)

- oversee student production of short films and assorted digital media projects
- present and host workshops on a variety of media related topics

Ontario College of Art and Design

Teaching Assistant (2007)

- Human Factors and User-Centred Design (SOSC 3B27/VISC 3B27), Instructor Bill Leeming

University of Toronto, Visual Studies Department

Teaching Assistant (2007, 2006, 2005)

- Advanced Visual Tutorials (VIS 130), 2007
- Integrated Photo-based Explorations (VIS 318), Instructor Sue Lloyd 2006
- Photo-based (Digital) (VIS 218), Instructor Sue Lloyd, 2005
- Photo-based (Chemical) (VIS 217), Instructor Sue Lloyd, 2005

The Living Arts Centre, Mississauga, Ontario

Photography Instructor (2004, 2005)

- Photography and Darkroom courses

Engineering experience

Lucid Engineering, Toronto, Ontario

Part-time machine safety and ergonomic consultant (2008 – present)

- evaluating industrial machinery in accordance to the Ontario Health and Safety Act
- machine guarding reviews
- lock-out tag-out procedure
- ergonomic assessments

Ryerson University, Mechanical Engineering Department, Toronto, Ontario

Research assistant (summer 1999)

- develop and construct a prototype, laser-based PIV (particle image velocimetry) system that images liquid particles in a spray flow to determine particle size, and 3-D velocity

Queen's Ergonomics Research Group, Advanced Personal Load Carriage System (APLCS) Project, Kingston, Ontario

Research assistant (summer 1996)

- assemble and debug the data acquisition and controls systems for a pneumatic simulator used to evaluate new rucksack designs for the Canadian Military
- run tests on a variety of rucksacks
- develop design for a new rucksack stiffness tester

Ontario Hydro Technologies, Advanced Systems Technology Unit, Toronto, Ontario

Research assistant (summer 1995)

- design and perform experiments to determine the feasibility of modifying the ultrasonic transducers on a pressure tube inspection system for CANDU nuclear reactors known as C.I.G.A.R.

American Barrick, Goldstrike Mine, Elko, Nevada

Summer student, involved in three job rotations over 4 months (summer 1993)

- Autoclave Maintenance: design and CAD work
- Mine Maintenance: redesign and re-piping of a haul truck wash bay to meet environmental regulations
- Geological Exploration: produce engineering log for core samples
